

RANDOLPH

2023 SUMMER PROGRAMS

Experience the Randolph Difference This Summer

Our summer programs will not only strengthen academic acumen, but also inspire creativity and innovation by offering a full-day format that includes enrichment learning in the morning, accompanied by STEAM activity sessions in the afternoon. Our program, for rising K-7 students, will expose children to a challenging academic program that will keep them engaged and excite their imagination!

The full-day summer program is being offered in weekly sessions that are structured to keep students safe, engaged academically, and inspired to learn more about subjects that interest them.

Each weekly session costs \$480 and includes:

- Small class sizes with academic enrichment lessons led by Randolph School faculty and staff
- Social/Emotional development opportunities through structured activities with other students
- A differentiated learning approach that is designed for each age group and grade.
- The option to extend the day with our late stay program that incorporates outdoor activities and interactive games (additional cost of \$100 per week).

RISING KINDERGARTEN STUDENTS

This session
\$175

Dive Into K Camp

8:00-10:00AM

This camp is specifically for rising kindergarten students. It focuses on phonemic skills, listening and comprehension, and fine motor skills. A study guide will be given at the end of the course to help parents prepare their child for the classroom experience. This is an excellent first exposure to Randolph and a great way to meet new classmates before school starts, all in a warm and nurturing environment guided by a Randolph kindergarten teacher.

GRADES K-4

Animal Grossology Camp

Ever wonder why dogs sniff each others' rear ends, why cows need four stomachs to digest their food, or why cats spit up hair balls? Here's your chance to find out! Animal Grossology takes a unique and scientific look at nature's slime-making, vomit-munching, and dookie-loving creatures. This camp is packed with disgusting science and entertaining hands-on learning games like Blood-Sucker Blow Up, where we learn about what happens when ticks and mosquitoes have too much to drink, and Chew-Chew Express, where we take a closer look at how a cow digests its food!

Ultimate, Awesome, and Totally Epic Fun and Games Camp

3:00-5:00PM

Our afternoon fun fitness camps are jam packed with a wide variety of awesome, daily themed activities! Campers will have a blast burning off energy in super fun gym games, playing outdoors, and engaging with friends. Make plans to join our amazing Lower School coaches for these afternoon sessions where campers will experience healthy social interactions as well as teach cooperation through group activities. They will also develop confidence as they work together as a team that will contribute to a healthy mindset!

WEEK 3

Week 7 July 24 - 28

Ice Age Ultimate Chill-Out Camp

7:45AM - 5:30PM

Chill out this summer and enjoy getting to know some of the giant animals that once roamed the earth during the ice age! We will spend one last amazing week at summer camp learning all about glaciers, living in the tundra, and create some magnificent Ice Age art masterpieces!

GREENGATE SCHOOL
AT RANDOLPH

SUMMER READING PROGRAM

For students entering grades 1 – 5 in the 2023-24 school year

The four-week program costs \$1,505. Registrants have the option to join the STEAM sessions from 11:30AM - 3:00PM for an additional cost of \$800.

8:30 – 11:30am

Greengate School's four-week program works to strengthen language and math skills for children with reading difficulties. The program offers daily reading tutorials conducted by specialists trained in Orton-Gillingham instruction, an approach designed for bright children who struggle in reading, spelling and writing. This helps ensure the child doesn't lose precious academic ground during the long weeks of summer.

Studies show that all students experience about a month of learning loss during the summer, and for students with dyslexia, the losses may amount to as much as 3 months. Weaknesses in memory, processing speed, attention, and language development cause skills to erode more quickly. As a result, students have to spend more time reviewing at the beginning of each school year in order to catch up. Continuing instruction during the summer months can help greatly reduce learning loss.

Who should attend?

Students entering grades 1 - 5 who:

- have good verbal abilities who struggle in reading, spelling, writing, and/or math
- need continued summer instruction to ensure maintenance or continued growth of skills
- can work in a small group setting without major behavioral problems
- thrive within a multi-sensory instructional environment.

Children do not need any special testing or learning diagnosis to be eligible to attend the summer reading program, but parents must submit information for review before acceptance and some pre-screening is required. We are not able to support children with emotional and/or behavioral difficulties in our summer reading program. If it is determined after the program begins that a student has emotional and/or behavioral difficulties, the student may be removed from the program. Under these circumstances, the cost of the program is non-refundable.
